The Global Champions Portfolio is designed for investors who have made the asset allocation decision to invest a predetermined amount in global equities. STRATEGY AND OBJECTIVES

The portfolio is actively managed and the strategy is to remain fully exposed to global stock markets. Global Champions is invested in companies that represent superior intrinsic value, underpinned by strong fundamentals, that are backed by established teams, and that boast solid track records. The investment universe spans all major advanced and emerging markets, and includes all industries that make up the investible index. The firms that we invest in are identified and selected using a disciplined and robust proprietary investment research process. This process is based on detailed bottom-up investment research conducted with a long-term view.
